THE YOYO'S WORLD

BY DALIA DAKHLALLAH

Mar 19, 2024 – Mar 29, 2024

Dalia Dakhlallah, Lebanese artist, based between Beirut and Dubai. She started painting at a very young age. During COVID, she found art as her only escape from boredom and solitude.

She adopted Graffiti and Street art in her works. Her paintings symbolize our daily life in a more naive, fun and dreamlike perspective.

In 2024, Dalia joined Chaos Art Gallery and started her artistic journey through her first solo exhibition, "The YoYo's World."

Welcome to "The YoYo's World"!

Dalia discusses the emotional connection and the sense of unity amongst family members in a naive, fun, and dreamlike perspective. She highlights the importance of family bonds, which can be formed through communication, spending quality time together, and showing care and appreciation for one another.

Through paint and spray on the canvas, Dalia creates a symphony of creativity, color, and chaos in there, too.

This exhibition invites us to spend more time with our loved ones and embrace the joyful moments.
